This device offers a reliable, environment-friendly way to keep snakes away from your property.

Always read and follow label instructions.

# SOLAR-POWERED SNAKE REPELLENT—SAFE, NON-TOXIC PROTECTION FOR YOUR OUTDOORS.

## Description and Features:

- Arbuda Solar Snake Repeller has been developed to scare away all kinds of snakes
- It emits a pulsing vibration, at frequent intervals which the snake picks up through sensors throughout its body
- The snake perceives a danger zone causing them to evacuate the area: Most snakes will retreat almost immediately
- One unit covers a 15-meter area
- Requires plain/flat soil surface and open to the sky for sunlight
- Dual (Solar) battery power and easy-to-change AA rechargeable batteries
- Charges automatically when exposed to the sunlight
  - Inbuilt battery charger & operation indicator light
  - UV inhibitors to resist degradation due to plastic properties
  - Nonrusting aluminum probe for long-life use
  - Robust design & 100% safe & nontoxic to humans and other animals
  - Safe around children & pets and will not affect other wildlife
  - No chemical content in the product

## Packing:
