

BARRICADE

Lambda-cyhalothrin 2.43% CS

A professional-grade, broad-spectrum insecticide that effectively controls **mosquitoes, cockroaches, houseflies, and other crawling and flying insects**. Its advanced capsule suspension (CS) technology provides controlled release for long-lasting protection. The water-based, low-odour formulation is suitable for indoor use in homes, offices, hospitals, hotels, restaurants, warehouses, and other commercial spaces when used as directed.

Always read and follow label instructions.

Special Features :

- It does not leave stains post applications on treated areas
- Highly effective on porous and non-porous surfaces
- Low-odour, water-based formulation suitable for indoor applications
- Active ingredient is specially microencapsulated for domestic use to impregnate bed nets.
- Curtains and other fabrics giving lasting protection against malaria transmitting mosquitoes, anopheles fluviatilis

Advanced Capsule Suspension (CS) Technology :

- The Capsule Suspension (CS) formulation protects the active ingredient and releases it gradually after application. This provides enhanced residual activity, better surface adherence, and long-lasting pest control without stains appearance.

Recommended Dose :

- 15-20 ml per litre of water

Packing :

- 100 ml, 1 L,
