

# BAIT-O-ROACH

## Imidacloprid 2.15% Gel

Imidacloprid 1.25% Gel bait is an advanced household insecticide which comes with RTU (Ready to use) formulation to manage multiple types of cockroaches. It eliminates:

- American Cockroaches
- German Cockroaches

This gel provides precise, long-lasting control against targeted species of roaches.

Always read and follow label instructions.
